

Attachment B
SAMPLE OF FUNDING AREAS
 FY 2008 – 11 RFP

Following are examples of programs which may be considered for funding by Child Abuse Council

Funding Category	Activity	Goal	Target Population
<p>Primary Prevention <u>Primary prevention</u> may be defined as community education that enhances the general well being of children and their families. These educational services are designed to enrich the lives of families to provide information and skills to improve family functioning, and to prevent the types of stress and problems that might lead to child abuse or neglect.</p> <p>In many instances, an activity can be either primary or secondary prevention depending on the number of accumulative risk factors relating to the target population.</p>	Parent education & family support group	Child development Age-appropriate expectations Roles/responsibilities of parenting Family support and strengthening	Expecting and new mothers Families with children 0-5 years of age Families of children with special needs Families in low-income neighborhoods Monolingual Spanish/Vietnamese speaking parents and families Parents with special needs Single parents Any combinations
	Family resource center	Accessing existing services, resources and support interactions among family members Information and referral services	
	Public Awareness Campaigns through: <ul style="list-style-type: none"> • Print media and radio talk show or call-in format • Local events e.g. Cinco de Mayo and Vietnamese Tet Festival, etc. • Faith-based organizations 	Outreach to populations mostly excluded from the mainstream media due to language skills Outreach to a “captive” audience at local churches, synagogues, and temples, etc.	
<p>Secondary Prevention <u>Secondary prevention</u> may be defined as those services designed to identify and assist high-risk families to prevent abuse or neglect. High risk</p>	Home visiting programs	Support and assistance in the home	Child victims of crime Children exposed to domestic violence Families of incarcerated parents and caregivers
	Perinatal programs	Support and assistance for new mothers suffering from postpartum depression	

Funding Category	Activity	Goal	Target Population
<p>families are those families exhibiting the symptoms of potentially abusive or neglectful behavior or under the types of stress associated with abuse or neglect.</p>	Respite care	Relief for parents/caregivers of families having children with special needs	<p>Families having unplanned or unwanted pregnancies Homeless families Pregnant teens and teen parents Parents/caregivers in substance abuse treatment programs</p>
	Sibling abuse and support group	Family support and strengthening for siblings and families	
	Train the trainers/professionals	Sustaining and building program capacity	
<p>Early Intervention <u>Early intervention</u> may be defined as services designed to identify problems and intervene to improve family function and avoid involvement by the Department of Families and Children Services (DFCS)</p>	Parent education and support group	<p>Child development Age-appropriate expectations Roles/responsibilities of parenting Family support and strengthening</p>	<p>Early intervention refers to situations where there is a concern of abuse or neglect but the allegation is not substantiated by the Department of Children and Families Services (DFCS). These families are not under court supervision; their participation although voluntary, intervention is necessary to avoid involvement by DFCS. Referrals from Family Court</p>
	Sibling support and abuse group	Family support and strengthening for siblings and families	
	Short-term individual/family counseling	Improve communication skills, relationship skills, and coping skills for children/families	
<p>Not to Be Funded</p>	<ul style="list-style-type: none"> • Advocacy services • Long term interventions or treatment services • Active CWS cases • Not to duplicate or supplant services mandated by CWS, Mental Health and Social Services Agency, etc.
